

Dear Mr. Michael,

Thank you for letting us come to your Ranch. It was really enjoyable. The Plant Game was phenomenal! Brushing the donkeys, the pony, and the billy goat was fantastic. The nature hike was very exciting and interesting. We liked seeing the fungi, the deer tracks, a doe, a buck, and the fawn. We liked sitting under the big, old, beautiful, shady Oak tree. It was wonderful to find evidence of a buck rubbing his antlers against a tree. The Stone bowl was interesting. Thank you for guiding us through the nature walk and for giving us instructions. Thank you so much for being our guide on Tuesday, November 17!

Sincerely,
Lower Elementary
